# Navigating ASTHRDP: FAQs and Common Issues Encountered

## • SRSF Dissemination (Conference): APPLICATION

REQUIREMENTS	COMPLIANCE CHALLENGES	RATIONALE
(3) Airfare Canvasses	Occasionally missed during submission	The canvasses will be used as a basis for approval of the amount requested
Detailed Travel Itinerary	Often, scholars submit a simplified/summarized itinerary instead of a detailed one	The detailed itinerary is used to monitor if the scholars activity is aligned with the scholars request and supports the processing of travel expenses
Proof of Registration and its Inclusion	Scholars sometimes submit an incomplete breakdown of the paid registration fee.	The breakdown of the amount paid will help in determining the amount to be approved for accommodation and food
Certificate of Conference Legitimacy	Some organized conferences do not provide this document	This ensures that the conference is credible and it guarantees that the scholarship fund ares being used legitimate, valuable academic activities

## • SRSF Research Grant: APPLICATION

REQUIREMENTS	COMPLIANCE CHALLENGES	SOLUTIONS
90% Thesis Grant Liquidation	Scholars are unsure how to process the 90% Thesis Grant liquidation and whether the amount should be exactly the amount that received (54,000.00 or 90,000.00) or more	Simply present the receipts and other necessary requirements. The amount can be exactly 54,000 for MS and 90,000 for PhD, or more, but not less than that
	Scholars submit incomplete details in the line-item budget, often forgetting to include important information such as the quantity, unit cost, and total cost	Scholars should ensure that all necessary details, including quantity, unit cost, and total cost, are provided for each item in the line-item budget to ensure accuracy and proper approval

# 05

## Navigating ASTHRDP: FAQs and Common Issues Encountered

### • SRSF Research Grant: APPLICATION

REQUIREMENTS	COMPLIANCE CHALLENGES	SOLUTIONS
Co-Maker Undertaking	Scholars are unsure who to list in the co-maker undertaking	The co-maker can be anyone currently in the Philippines who is financially capable and is required to submit proof of income to support their financial capability
Certificate of Exclusivity (for ONE supplier only)	If the certificate of exclusivity is not available or the supplier refuses to provide it, scholars face difficulty meeting the requirement	In such cases, the Research Adviser can provide certification or justification for the supplier's exclusivity as an alternative to submitting the certificate of exclusivity

### • LIQUIDATION: SRSF REQUESTS and REIMBURSEMENTS

REQUIREMENTS	COMPLIANCE CHALLENGES	SOLUTIONS
Original Copy of Receipts	Sometimes receipts are lost, or due to delayed liquidation and thermal receipts fade over time	To prevent loss or fading, scholars should save scanned copies and submit photocopies of receipts
RER and CENRR forms	Sometimes receipts are misplaced or mistakenly placed under the wrong category, such as putting a "RER" receipt under "CENR."	To prevent this, scholars are advised to bring the RER and relevant forms beforehand and keep them during travel
Summary of Expenses	Sometimes, scholars do not adhere to their approved budget when preparing the summary of expenses	Scholars should carefully follow the approved budget, and the details of the approved funds will be provided to ensure better adherence
	SOA or transaction records and certification for one-time reimbursements for e-receipts are often not submitted	These documents are necessary to verify the payment and confirm that the claimed/requested amount is for a one-time payment
